The Westford Parent Connection Presents

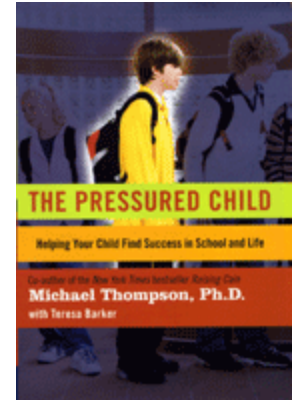

The Pressured Child: Helping Your Child Find Success In School And In Life

*An evening with
Michael Thompson, Ph.D.*

Thursday, March 31, 2011

7:00 – 9:00 p.m.

Stony Brook Middle School Auditorium

Nationally acclaimed psychologist, speaker, and best-selling author Dr. Michael Thompson returns to Westford to talk to parents about the pressures kids face in school, and how parents can best support their children along their journey through school and life.

Tickets are \$10 each and may be purchased at the door.

The talk is hosted by the Westford Parent Connection, and is made possible by our generous sponsors and partners. We are grateful for the support of the Westford Public Schools, the Westford Board of Health, the Roudenbush Community Center, and the Westford Elementary and Middle School PTOs.

For more information about Dr. Thompson, check out his website at <http://www.michaelthompson-phd.com/>. For other questions, go to the WPC's website at www.westford.com/wpc/.
