

Emerson Hospital and the Westford Parent Connection Present

Eating Disorders & Body Image

An evening with Laura Goodman, Dr. Rhys Wyman, and Dr. Nancy Hurley

Tuesday, April 5, 2011

7:00 – 9:00 p.m.

Blanchard Middle School Auditorium

Could Your Child Have An Eating Disorder?

Does your child have body image issues? The event's panel will teach parents and other caregivers the signs of anorexia and bulimia, and give them the tools they need to help their children grow up with healthy eating and exercise habits. They will also discuss the negative impact the media can have on both genders in terms of what's considered the ideal body type. In addition to these medical professionals, a student recovering from an eating disorder will also be on hand to answer questions. The evening promises to be very informative and helpful.

If Westford Public Schools are closed, our program will be postponed. If the event is postponed, the information will be on our website by 5:00 p.m.

This event is sponsored by Emerson Hospital and is FREE and open to the public.
