Cyberbullying takes cruelty to a whole new level. Derogatory and abusive text or cell phone messages or Facebook posts can spread quickly and cause far-ranging damage. Learn how you can keep your kids safe online and what to do if your child is being bullied or is the perpetrator. This evening's presentation is a collaborative effort between the WPC, MARC, the Westford Police Department, and the newly-formed Westford Coalition For Non-Violence.

Tickets are \$5 at the door. Season passes can be purchased for \$25 at the door, or at Roudenbush Community Center, 65 Main Street, Westford, until November 3, 2010.
